Naval Health Clinic Patuxent River

NAVY MEDICINE
World Class Care…Anytime, Anywhere

TRICARE

"To promote, protect and restore the health or our Sailors, Marines, their families and all others entrusted to our care."

Lesson Learned

- Combined Wellness visit and medical readiness
- Challenges encountered
- Workable Solutions

pabilities of NHC Pax Riv

- Audiology
- Dental
- Immunizations
- Laboratory
- Occupational Health
- Optometry
- Primary Care/ Flight Medicine
- X-Ray

Stakeholders

- Primary Care Providers / Clinics
- Dental
- Immunizations
- Laboratory
- Medical Records
- Commands and Command CFLs
- Occupational Health
- Optometry

Capture of Personnel

- Capture all base wide check-ins
- Communication with each command’s CFL to track PHA completions

Appointments

- Cattle Call appointments versus scheduled appointments
- Preparation for appointments
- Post appointment process

hoke points in the proces

- Dental
- Immunizations
- Audiology
- Occupational Health

Technology Assistance

- SAMS data entry
- Access Database to create coversheet from SAMS
- SAMS Uploads
- Data Entry at the point of care

NAS Patuxent River Medical Readiness
May 2006

Training Issues

- SAMS data entry
- Occupational Health Screens
- Immunization Training
- Process training (patient flow, record screens)
- SAMS uploads, IMR Uploads
- Standardize reporting process

Summary

- Combined appointments
- Stake holder meetings
- Continuous process improvement
- Technical Support

Questions?
